

Kimmett Cuppers,

The Covid-19 pandemic is cooling off. Robust public health measures and widespread vaccination are helping Alberta to turn the page on this unprecedented health crisis.

In its wake, the Kimmett Cup is preparing to step up and help out our community, just as we have for the last 12 years.

A lot has changed since Kimmett Cup 12. We work remotely, socialize at a distance, and shop online more than ever before. Kimmett Cup has changed too, but only for a limited time...

On September 12th, the **1st EVER Kimmett Cup ROAD HOCKEY Tournament** will hit the pavement in the parking lot of Spray Lake Sawmills Family Sports Centre. The event will mimic a traditional Kimmett Cup, minus the cold weather and slippery surface.

The event will adhere to local and AHS guidelines. Our safety plan will be submitted and approved by the Cochrane Emergency Coordination Centre prior to play. The plan will be adjusted as necessary as we approach the tournament date to ensure participant safety.

Sincerely,

Joe MacLellan, Jason Baserman, and Reid Kimmett
